

# The API Quarterly

January 28, 2015

Winter 2015

Volume 6 - Issue 1

## Programmable I/O Controller - The New RMP 500

Below is the newest addition to the API product line. The RMP 500 is a programmable I/O controller that has been tested and proven in the field. It can be produced quickly for standard product designs, or customized for your specific needs. For more information, please contact Kurt Webber [kwebber@apialliance.com](mailto:kwebber@apialliance.com) or 260.637.2739 x111.

### Happy New Year!

As we begin the new year, we reflect on the past year and want to extend a heartfelt thank you to all of our clients and vendors who have helped make 2014 a successful year. Have a happy and safe 2015!

### API Alliance's New Vice President

In 1995, Mike Gigli was hired by Northern Apex Corporation as Operations Manager. In 2008 API Alliance, Inc. spun off from Northern Apex... at that time Northern Apex began to focus on RFID innovation and API Alliance continued to offer electro-mechanical assembly and engineering services. Soon after, Mike was promoted to General Manager for both Northern Apex and API Alliance. Due to his hard work and dedication, he has recently been promoted to Vice President of API Alliance and Managing Director of Northern Apex. In 2014, API Alliance won an Indiana Companies to Watch award and both companies have had record setting growth over the past 3 years.

Gigli

### Our Promise To You...

To utilize our proficiency in electronic manufacturing, electro-mechanical assembly and engineering services to become a long-lasting **"Partner in Production."** These alliances are to be based upon excellent communication, mutual trust, proactive participation and a complete understanding of our customer's goals. We shall offer unwavering technical and project management assistance to the level expected from these customer relationships.

**"Partners In Production"**

Please contact Kurt Webber to discuss your specific application: [kwebber@apialliance.com](mailto:kwebber@apialliance.com) - 260.637.2739 x111 [www.apialliance.com](http://www.apialliance.com)
